DETAILED ACTION

Election/Restrictions

1. This application contains claims directed to the following patentably distinct species: the species are:

- a) Fig. 1
- b) Fig. 2 and Fig. 9.
- c) Fig. 3 and Fig. 10.
- d) Fig. 4 and Fig. 11.
- e) Fig. 5 and Fig. 12.
- f) Fig. 6 and Fig. 13.

2. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations

Art Unit: 2623

of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.
